JV kids - McVeytown Head Start

Gary enjoys playing with the dollhouse and family members. On this day, he pretends the house is on fire and helps rescue his family to get them safely out of the house.

Destanee has the unique ability to put any puzzle together. This skill comes in handy when a group of children is working with several puzzles at the same time!

Dru likes to build farms out of wooden blocks. Like other children in the class, he is familiar with the rural culture of his community and feeds and takes care of the farm animals.

Mackenzie likes the art center. She especially likes using her creative abilities, such as drawing pictures of her family.

Kylie likes to be the Math Whiz at circle time. She picks out a number and counts that number of snowflakes to hang up.

Jace can always be found at the art area table. He is able to visualize about what he wants to make and then he creates it.

Lucie loves using items in the art area, such as stencils for tracing. Often we hear Lucie singing some of her favorite songs as she works.

Seth likes to play with the barn and farm animals. Not only does he know a lot about farming, he likes to share with his friends as they join him in this learning area.

Zavier really loves being outside. He is very coordinated using outdoor play equipment. Look at him kick that ball!

Makenna really likes to easel paint. She enjoys using the big paint brush and is proudly showing her gigantic green mitten.
