JV kids

Emmett Hibbs

Our favorite JV Kid is Emmett Hibbs, 7, of Richfield, because he plays the violin and he just started playing a year ago. He has been wanting to play the violin since he was 3 and we just decided it was time last Christmas (2010) to get him his first violin. He has been impressing us ever since with his great talent. He truly has a gift!

We are amazed at Emmett's God given ability to play the violin. He is so humble and doesn't realize his talent. His teacher is Priscilla Conrad. She plays through the song once with Emmett and he picks up on reading the notes and can play it through thereafter.

— Submitted by Emmett's mother, Bridget Hibbs; Jeanette Saner, Emmett's grandmother; and Norma Carper, Emmett's great-grandmother.

Stars with Antlers

By Luke Sheaffer

One day I imagined stars having antlers.
I poked the stars overhead.
The stars spoke different languages,
English, Spanish and French.
I was acting like a narrator.
I was soon being a star, too.

Funny Dreams

By Mollie Bard

People dream,
And they seem to see things very funny.
Maybe people speaking different languages,
Or a deer with huge antlers.
But when you poke people,
They have to wake up.

— Submitted by Paula Diven, third grade teacher, Juniata Mennonite School

SAVE WITH PELLETS!

HEATING YOUR HOME WITH PELLETS allows you to save time, money and the planet. Featuring 100% renewable energy and requiring less work than wood stoves, clean burning pellet heat offers no mess while significantly reducing heating costs. Harman has a wide range of pellet appliances to meet any style and budget. Come see the difference and feel the heat of pellets today.
