JV kids

McVeytown Head Start

Here at McVeytown Head Start, we feel that there are 17 exceptional preschoolers. Each one of the students is special and unique in their own way. Let us tell you about our preschoolers. These are a great group of "JV Kids" from McVeytown Head Start! They help make every day a special day in their own unique way. We are fortunate to be able to work with them.

— Submitted by the McVeytown Head Start staff — Nancy, Tracy, Doris, Debi, Andrea and Foster Grandparent Grammy Young

Brice has the ability to rhyme any word you give him. At this learning center, he rhymes 'sock' and 'block.'

Cassie enjoys looking at books and loves the teachers to read to her. She often retells familiar stories by looking at the pictures.

Alex is a new big sister. At the center, she takes care of all the babies with lots of loving care.

Bryce is the 'go-to person' if you want to know anything about fire trucks and firefighters. He is very knowledgeable about the equipment they use, too!

Aliza enjoys playing in dramatic play. She is learning about the role of mommy and cooking family meals.

Damon loves being outside. He made use of his coordination skills when driving the tractor at the 'Barn Yard' family event.

Dayson has a good imagination and often uses the art area to express himself. He chooses his materials and then creates — look at his snowman!
