

CONSUMER HOW-TO

Hoover's
Bernina,
LLC.

2282 Beaver Rd.,
Mifflinburg
3 miles off Route 104
(570) 966-3822
www.berninaUSA.com

Hoover's Bernina, owned by Leon and Linda Hoover, has been family owned and operated since 1987.

They provide servicing on all brands and models of sewing machines, scissor sharpening, and both quilting and embroidery classes. Call or stop by for a class schedule.

They carry all models of "Swiss Quality" Bernina sewing machines. They also sell used & demo machines, top-of-the-line fabrics and supplies and Horn and custom made cabinets. Hoover's offers financing as well, see store for details.

With any machine purchase you will receive free classes to help you learn the in's and out's of your machine which will help to optimize your use.

They also host seminars with Bernina factory representatives and famous quilters such as Mary Fons.

QUALITY

For decades, BERNINA has been passionately devoted to the development of sewing and embroidery machines. Swiss precision is at the heart of each of our products, and high quality materials guarantee a long life and high performance.

SWISS TRADITION

For decades, BERNINA has been passionately devoted to the development of sewing and embroidery machines. Swiss precision is at the heart of each of our products, and high quality materials guarantee a long life and high performance. Simple and classic are a couple of words that describe the new BERNINA 7 Series. At BERNINA, we concentrate not only on sophisticated technologies, but also on setting new standards in product design and performance.

EXTRA-LONG FREEARM

The BERNINA 750 QE includes a meticulously-engineered extra-long freearm with ten inches/254 mm of space to right of the needle – plenty of room for large sewing projects. With more space and the added benefit of the super-sized embroidery area, your creativity can have free rein. And when you're ready to expand your options, you'll find a wide range of accessories available to help you develop your quilting and sewing skills.

EXCLUSIVE! BERNINA STITCH REGULATOR (BSR)

The BERNINA 750 QE is equipped with the BSR function. The BSR foot pro-

CHOOSE THE SEWING MACHINE THAT'S RIGHT FOR YOU

vides high-speed free-motion stitching assistance with both straight and zigzag stitch options. The BSR keeps stitches consistent at variable sewing speeds, offering confidence for the beginner and additional assurance for the experienced quilter. The BSR foot comes standard with the B750 QE.

BERNINA DUAL FEED

Optimum visibility and superb fabric feed. The innovative BERNINA Dual Feed tames hard-to-manage fabrics. Easy to engage when needed, the BERNINA Dual Feed tucks completely out of the way when it's not.

TOTAL STITCH CONTROL

The BERNINA 750 QE provides an exclusive level of stitch control. Whether altering the stitch length, stitch width, or needle position – or even creating combinations – the machine will remember the stitch details for you.

GREATER SEWING & EMBROIDERY PLEASURE

The BERNINA 750 QE responds to your needs. The presser foot automatically lowers at the start of a seam and lifts at the end. The machine will cut the thread for you at the end of your seam or colour change (embroidery optional with B 750 QE). Also included is a practical extension table with ample space to hold your larger sewing projects.

TIPS and TRICKS

User-friendly features and intuitive navigation: the Sewing Consultant and built-in tutorials offer direct onscreen support and answers to your questions any time.

ENDLESS EMBROIDERY POSSIBILITIES

With the optional embroidery module for the B 750 QE, you can create mirror images, as well as, rotate, size and recolor your selected design right on the colour touch screen. You can also preview alternate colour options and save them on your machine or USB stick. Use Absolute Check for perfect design placement.

A WORLD PREMIERE The New BERNINA 9 HOOK

With the launch of the 7 Series, BERNINA presents a world's first, the BERNINA 9 Hook (B 9 Hook). Combining the two best hook technologies, the B 9 Hook is patent pending.

The new heart of the BERNINA machine features a novel, centrally-placed driver, which allows the B 9 Hook to run steady and quiet. The B 9 Hook sews high-precision stitches up to 9 mm in width with speeds up to a 1,000 stitches per minute. And the bobbin has 80 percent more thread capacity than our standard bobbins, allowing you to sew longer without interruption.
